EXTRA RECYCLING TOTES SUSPENDED

In 2016 the Rockland Board of Health qualified for a grant to purchase extra recycling totes for residents. Since March 2020, we have been overwhelmed with requests for extra recycling totes which has depleted our grant funding. We ask that residents check back in October to see if we will be able to resume offering totes.

We apologize for the inconvenience and urge residents to use the Recycling Center located at 1000 Beech St. to dispose of excess recycling.
